EDUCATION

- **SRM Institute of Science and Technology** Chennai, India
B.Tech in Computer Science and Business Systems; CGPA: 8.4 Aug 2023 – May 2027

CERTIFICATIONS

- **CompTIA A+**: Udemy
- **CompTIA Network+**: Udemy
- **CompTIA Security+**: Udemy
- **CompTIA CySA+**: Udemy
- **CompTIA PenTest+**: Udemy
- **CompTIA Linux+**: Udemy

VOLUNTEER EXPERIENCE

- **NGO Outreach Program – Government School** Chennai, India
Student Volunteer May 2024 – June 2024
 - Volunteered for 1 month at a government school as part of an NGO-led community outreach initiative
 - Assisted students with foundational subjects and supported classroom activities alongside teaching staff
 - Contributed to improving digital literacy and basic computer skills among school students

PROJECTS

- **Network Anomaly Risk Score** 2024 – Present
Python, Streamlit, Machine Learning, Explainable AI
 - Built a production-ready web application for predicting network threat severity using machine learning regression models, designed for enterprise cybersecurity teams
 - Incorporated explainable AI (XAI) techniques to surface interpretable risk scores, enabling SOC analysts to triage and prioritise alerts by quantified anomaly severity in real time
 - github.com/Anandhasasidharan/projects/.../Network-Anomaly-Risk-Score
- **Community AI Audit Framework** 2024 – Present
Python, Splunk, OpenAI API, Anthropic API, HuggingFace
 - Designed a plugin-driven framework for auditing AI model behaviour across providers and deployment targets; runs the same backdoor scan against OpenAI, Anthropic, local PyTorch models, or HuggingFace without changing the scanner
 - Integrated a findings pipeline to push audit results to Splunk, Elastic, Datadog, and Microsoft Sentinel for centralised monitoring
 - github.com/Anandhasasidharan/community-ai-audit

TECHNICAL SKILLS

- **Programming:** Python, Java
- **Spoken Languages:** English, Tamil
- **Security Tools:** Kali Linux, Splunk, Nmap, Wireshark
- **Operating Systems:** Linux, Windows
- **Security Domains:** Network Security, Threat Detection, Penetration Testing, AI Security Auditing, Anomaly Detection
- **Frameworks & Libraries:** Streamlit, PyTorch, HuggingFace Transformers, scikit-learn
